## Certifications

- JavaScript Essentials 1 (JSE) provided by Cisco Networking Academy in collaboration with OpenEDG JavaScript Institute.
- Golden diploma in recognition of my excellent completion of the Front-end programming training course provided by IT Brains Academy.

## Education

Bachelor of Azerbaijan Technical University Information Technologies  
2021 - ongoing

## Summary

Resourceful front-end JavaScript developer focused on React. I am honing my expertise in modern technologies such as Next.js and TypeScript, recognizing the importance of staying up to date with the latest advancements in the field.

## Side Projects

### Portfolio

- A minimalist design was considered for this project. Built with React.js(vite) and TailwindUI. I used i18next for language functionality, Formik and Yup libraries for building the forms with validations, receive email messages with Email.js SDK, available dark mode and more. I used Vercel for deployment.
